INNOVATION AND ENTREPRENEURSHIP SUMMIT

MAY 9, 2019
CH2M HILL ALUMNI CENTER | 1 P.M.
SESSION ONE
1 to 3:30 p.m.

RESOURCES for Startups and Inventors: The Innovation & Impact Commercialization Tool Box

Choose from the following three panels:

1 p.m.  Panel A: Funding Sources from Innovation to Market -- and Beyond

Panel B: How to Avoid the Legal Pitfalls of Early Stage Companies

Panel C: OSU Startup Creation, Tech Commercialization, and Intellectual Property Protection De-Mystified

2:20 p.m.  Panels A, B, and C repeat
Panel A: Funding Sources from Innovation to Market -- and Beyond

PANELISTS:

JULIANNE BRANDS  CAROLINE LEWIS  MARK BRADY  LEON WOLF

Moderated by Karl Mundorff
Director, OSU Advantage Accelerator

Learn about the many sources of grant and investment funds available to help move an invention from the lab to a startup and beyond. Meet the experts who can help in your funding journey.

Panel B: How to Avoid the Legal Pitfalls of Early Stage Companies

PANELISTS:

RICH CARTER  MARY HULL

Moderated by Mark Lieberman
Director, OSU Advantage Accelerator
Panel B, continued. C corporation, S corporation, LLC -- Which one is best for you? How exactly do you figure out founder's equity? Who is needed on your startup team? Listen to an experienced lawyer and an entrepreneur who has been there discuss some of the legal pitfalls they have seen in early-stage companies and how to avoid these pitfalls.

Panel C: OSU Startup Creation, Tech Commercialization, and Intellectual Property Protection De-Mystified

Moderated by Katie Pettinger
Commercialization Manager, OSU Advantage Accelerator

Want to launch a startup or explore options for getting your technology into the market, but not sure what to do next? Why is intellectual property important and what are your options? How does the OSU licensing process work? Hear from the OSU Advantage office as they de-mystify the startup and tech commercialization process.
Network with organizations that have resources to help you meet your goals.
